COVID STEROID 2 newsletter – November 2020

Dear friends – thank you for an amazing month in the COVID STEROID 2 trial!

Status

We have now randomised **145 patients** at **10 Danish sites**, **6 Indian sites** and **1 Swiss site**. Of these, **111 patients** have been randomised in November. We are very impressed by and grateful for all the hard work the sites have put into the trial during challenging times. Thank you!

Sites to join the upcoming months:

We look forward to welcoming more sites into the trial and hope to start recruitment in Sweden this week.

8 Indian sites

4 Danish sites

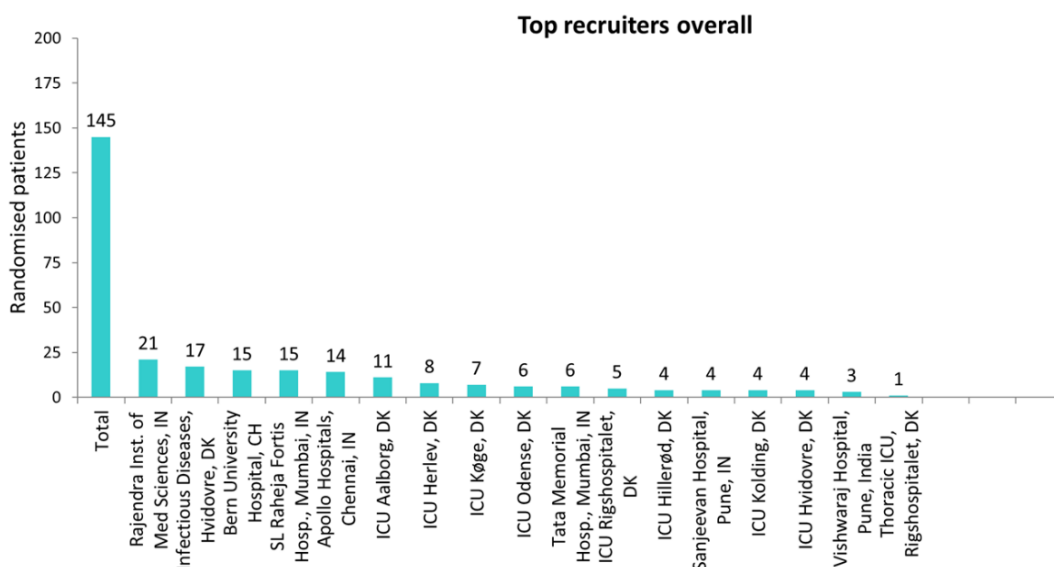

4 Swedish sites

Top recruiters

Congratulations to **Rajendra Institute of Medical Sciences in India** for being top recruiter.

Rajendra Institute of Medical Sciences has randomised **21 patients** in only **3 weeks**. Amazing work!

Place in Site Master File #13

Important information

All trial-related documents can be found on our [website](#), and all updates to the Trial Master File can be found [here](#).

Please remember to report all serious adverse reactions (through the eCRF) and serious adverse events to sponsor within 24 hours (covid-steroid@cric.nu).

You can now find an expected end date of intervention at the top of the Administered Trial Medication form. See example below:

Last day of trial intervention is 16-11-2020

Please forward all note to files to the coordinating investigator Marie W. Munch (marie.warrer.petersen.01@regionh.dk).

To Danish, Swedish and Swiss investigators: A case money form have been uploaded to the website in both [Danish](#) and [English](#).

Contact

You can reach us at covid-steroid@cric.nu or +45 3545 7237 (available 24/7). Please archive this newsletter in your Site Master File.

A big thank you from Denmark,

Marie, Maj-Brit and Anders
