

**CLASSIC newsletter – December**

**Dear friends - thank you for your contribution in 2021.**

At this special time of the year, we gratefully want to turn our thoughts to all of you. Even though 2021 have brought challenges, we are humbled by the support and want to thank each of you for your great spirits and efforts to complete the CLASSIC trial.

**Status**

We are now working on the final data entry and data validation. It has been a pleasure to see how Christmas green the eCRF has turned the last few weeks. We are almost there and look forward to closing the database soon.

Last CLASSIC patient was randomised by Team Viborg!
