

CLASSIC newsletter – July 2022

Dear friends

A huge shout-out to all for your hard work and contribution to the CLASSIC trial.  This could not have been conducted without your contribution and passion. Hope you all had the opportunity to enjoy Tine Meyhoff's eminent presentation and the panel discussion of the CLASSIC trial at the Critical Care Review Conference 2022 in Belfast. You can still enjoy both online via criticalcarereview.com. https://vimeo.com/733887283?embedded=true&source=vimeo_logo&owner=24247721

Important information!

Case money: Deadline 1. October 2022

Data entry: Please help us keep **1-year follow-up** data entry as timely as possible. If you are unable to contact a patient, please get in contact with us as soon as possible, and we will assist with the follow-up.

Status

In **mid-November**, the last 1-year follow-up will be completed. It will be very exciting to gain knowledge about long-term outcomes i.e., cognitive function and health-related quality of life.

We have planned secondary analyses and sub-studies of the CLASSIC trial which we are currently looking more into. Please do not hesitate to reach out, if you have any thoughts or ideas we should further investigate together.

The latest CLASSIC protocol includes planned CLASSIC sub-studies and is now available online

<http://www.cric.nu/classic-protocol/>. Please archive the latest protocol and this newsletter in your Site Master File.

Enjoy the summer,

Maj-Brit, Morten, Tine, Anders & Praleene
