

GODIF Newsletter June to August 2023

Thank you for committing to the GODIF trial!

Dear friends and colleagues,

We hope you all have had a wonderful summer.

Thank you for continuing to enrol patients in the GODIF trial.

The GODIF team is still growing. We are now 21 active trial sites - 16 Danish, 2 Norwegian, 2 Finnish, and 1 Icelandic. Within the next two months, we expect to initiate new sites at the University Medical Center in Groningen, Netherlands and Inselspital University Hospital Bern, Switzerland. We are proud to announce that Australia wishes to participate in the GODIF trial with several trial sites with expected initiation in 2024.

Trial medication

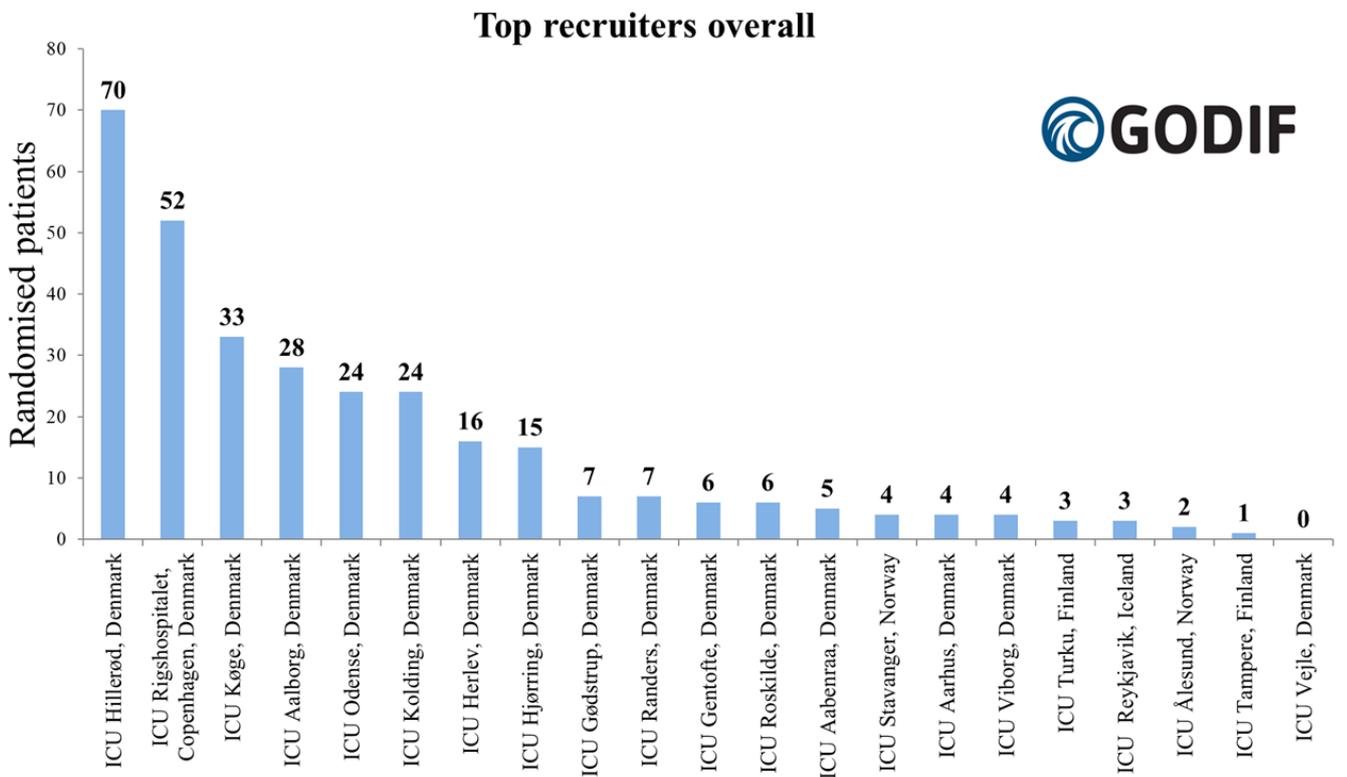

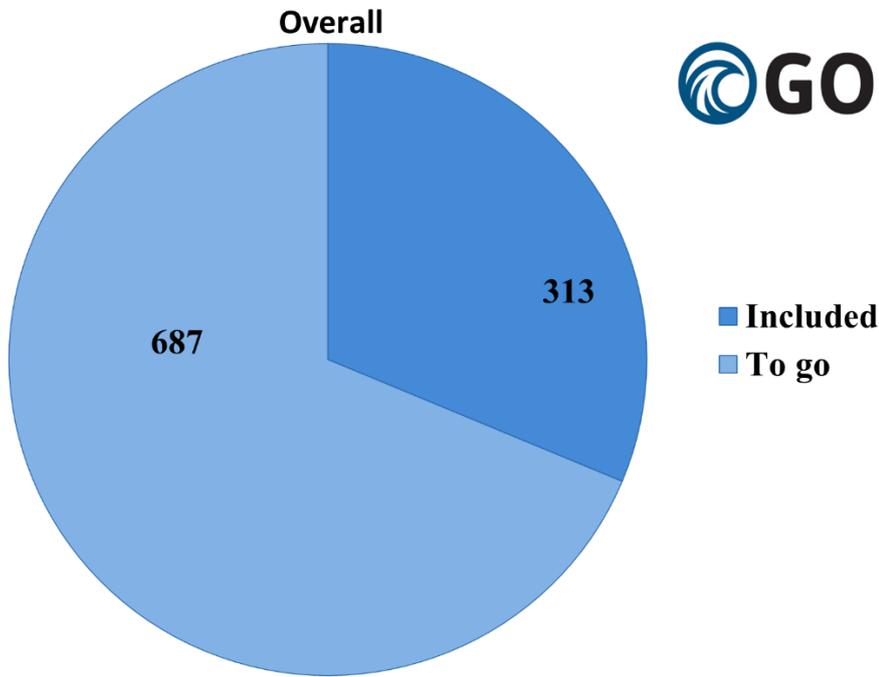

Some trial sites have medicine expiring on 01.09.2023. This medicine will be removed from the medicine dispensing program on 31.08.2023. Please fill in the disposal form with the expired medicine and return it to the coordinating centre. The expired medicine must be discarded according to your local procedure for disposal of medicine. All sites implicated sites will receive an email from the coordinating centre.

Switzerland and Australia will participate in the trial with their own medicine prepared by dedicated unblinded staff.

Status of the recruitment the 21.08.2023

The recruitment over the summer has been a bit slow, it can probably be explained by the summer vacation. The summer is now over, and we encourage daily screening for possible GODIF candidates so we can increase the inclusion rate.

1-year follow-up

We have been requested to remove the EQ-5D-5L questionnaires from our website by EuroQol Research Foundation. We have permission to use the questionnaires, but they do not allow us to post them on our home page. If you do not already have a copy of the questionnaire relevant to you – please, contact the coordinating centre and it will be sent to you by email.

New documents for your site master file.

- No new documents for the site master file

New documents will always be attached to the newsletter sent out four times a year.

The Coordinating Center is always available on the
GODIF hotline: +45 48 29 67 73
